### FEATURING...

# Sherpa & Shire >>

Sherpa & Shire have been the hallmark of durability and cleanability since their inception. Cited by Interior Design magazine for their longevity as the best of the past 25 years, these fabrics are nearly impervious to damage.

UPHOLSTERY FABRIC L L\*
100% Marquésa Lana°

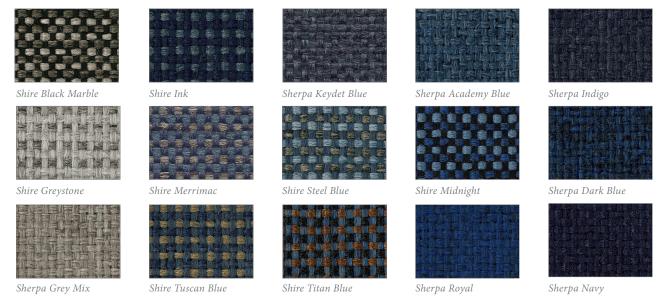

Sherpa & Shire Marquésa Lana polyolefin is an environmentally friendly product that entails a mode of manufacturing that not only prevents damage to the environment, but actually reduces the carbon footprint by utilizing waste products from gasoline manufacturing. It is a byproduct of post-industrial waste and its manufacture produces no waste product.

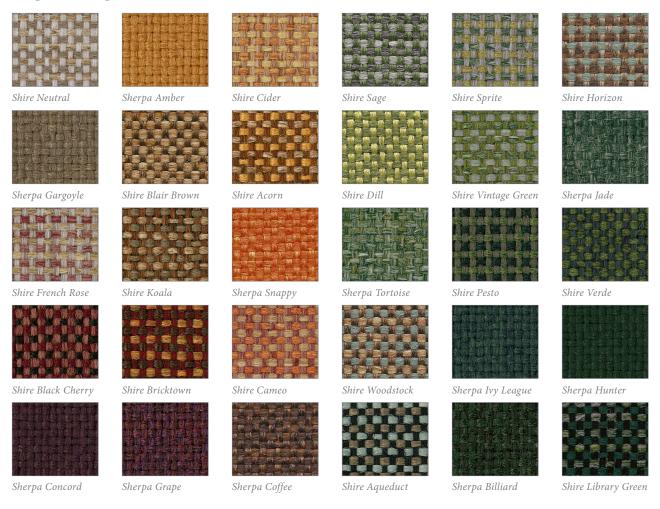

In our continuing efforts to provide you with the best service and quickest delivery, our most in-demand Sherpa and Shire colors are now in our Warp Speed® In Stock program.

Its built in resistance to staining and wear eliminates the need for after market stain resistant finishes. It is recyclable and is unique in its utilization of conservation methods from inception to disposal.

We have carefully analyzed the popularity of the colors, and the resultant winners are represented here and are all available for immediate shipment. Only the items below the line are in the Warp Speed® Program.

Absecon Mills is focused on being a responsible corporate entity and we are continually striving to find ways to help preserve our environment, increase energy efficiency and reduce waste. Our mode of manufacturing is specifically designed to prevent damage to the environment. Our products are woven using wind power and many are constructed friendly with polypropylene (a by-product of gasoline manufacturing, utilizing post-industrial waste) and recycled polyester, which helps keep post-consumer waste in the material stream and out of landfills. Absecon offers finishes that use ten times less fluorocarbons than conventional finishes and are SCS Indoor Advantage Gold certified. We participate in a fabric recycling program

WOVEN WITH WIND POWER

and work hard to lessen our footprint on the environment. For more information on our green initiatives, please visit www.absecon.com.

Colors may vary slightly from dye lot to dye lot.
